

Transplantation Immunology from Laboratory to Clinic (16-18 November 2006)

Meeting of "Transplantation Immunology from Laboratory to Clinic", was held by the Turkish Society of Immunology at Yalova-Termal amlık Hotel on 16-18 November 2006 with the participation of many academicians from all around Turkey.

In the Meeting, immunological reactions during transplantation, the mechanisms taking part in these reactions, and laboratory approaches specific to transplantation were discussed.

Besides, during the meeting, bone marrow, solid organ and stem cell transplantations were dwelled on and heavily discussed by both immunologists and the clinicians.

We would like to thank all the members of the faculty as well as the participants who contributed to our meeting.
